# MD. MIZANUR RAHMAN RONY

## SOFTWARE DEVELOPER

**Email:** rmizanurrahman76@gmail.com | **Phone:** +88-01765666762
**Location:** Dhaka, Bangladesh
**Professional links:** https://mrrony321.github.io/projectPortfolio/ | https://gitlab.com/mrrony

## PROFESSIONAL PROFILE

Software Developer with experience in the design, development, integration, and delivery of secure, scalable, and reliable enterprise and public-facing applications. Strong exposure to software architecture, frontend engineering, system integration, and performance-oriented implementation, with a consistent focus on code quality, security, regulatory compliance, auditability, and maintainability. Experienced in working with cross-functional teams and business stakeholders to turn requirements into practical technology solutions.

## CORE COMPETENCIES

- Enterprise Application Development
- Software Architecture & System Integration
- Financial & Compliance-Oriented Systems
- Real-Time Application Development
- Cross-Functional Collaboration
- Frontend Engineering & Responsive UI
- Secure Application Development
- AI, Machine Learning & Virtual Reality
- Testing & Quality Practices
- Business Requirement Translation

## PROFESSIONAL EXPERIENCE

### Software Developer (Senior Officer) - Bangladesh Finance PLC

December 2024 – Present | Motijheel, Dhaka, Bangladesh

- Develop and deliver technology solutions for back-office and front-desk operations using modern software development practices.
- Contribute to in-house project development with a strong focus on compliance and business requirements.
- Support enterprise applications where reliability, security, maintainability, and operational continuity are important.
- Collaborate with business and technical stakeholders to translate operational requirements into usable software solutions.

**Technology / Skills:** JavaScript, React, Ant UI, Material UI

### Trainer (Artificial Intelligence & Virtual Reality) - Prime Tech Ltd

June 2024 – August 2024 | Natore, Bangladesh

- Delivered Python training in Artificial Intelligence and Virtual Reality (VR) for a government-funded university research initiative.
- Supported learners in understanding practical AI/ML concepts and VR-oriented development workflows.
- Worked with Python and data-analysis tools in an applied training environment.

**Technology / Skills:** Python, C#, NumPy, Pandas

### Software Engineer (Front-end) - Zaag Sys Ltd

December 2021 – April 2024 | Dhaka, Bangladesh

- Developed a financial dashboard, tax calculator, and authentication module.
- Built real-time forms for the Geolocation Indicator project.
- Developed responsive user interfaces for a global shipping platform.
- Worked with modern frontend architecture, state management, real-time communication, and automated testing.

**Technology / Skills:** TypeScript, React.js, Material UI, Jest, WebSocket, Redux

### Software Developer Intern - DataSoft Bangladesh

June 2021 – August 2021 | Dhaka, Bangladesh

- Worked on an Anti-Money Laundering (AML) solution using Angular for the user interface.
- Contributed to frontend implementation using Angular and Material UI.

**Technology / Skills:** Angular, Material UI

## EDUCATION

### Bachelor of Science in Computer Science and Engineering - BRAC University

2016 – 2020 | Dhaka, Bangladesh

CGPA: 3.25 out of 4.00

### Higher Secondary Certificate (HSC) - ST. Joseph Higher Secondary School

2012 – 2014 | Asad Gate, Dhaka, Bangladesh

GPA: 4.50 out of 5.00

### Secondary School Certificate (SSC) - Ideal School and Collage

2002 – 2012 | Motijheel, Dhaka, Bangladesh

GPA: 5.00 out of 5.00

## TRAINING & CERTIFICATION

### Training of Trainers (BDSET)

- Topics: Artificial Intelligence, Machine Learning, Virtual Reality
- Tools: Python, C#, Unity3D
- Duration: 6 months
- Institutions / Locations: IIT Kharagpur & IIT Guwahati, India

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages** | HTML, CSS, JavaScript, TypeScript, Python |
| **Libraries / Data** | React, TensorFlow, Pandas, NumPy |
| **Frameworks** | Angular |
| **Testing** | Jest |

## SELECTED PROFESSIONAL CONTRIBUTIONS

**Financial & Enterprise Systems:** Financial dashboard, tax calculator, authentication functionality, and compliance-oriented in-house applications.

**Real-Time & Interactive Applications:** Real-time forms and WebSocket-based application functionality in frontend environments.

**Responsive Product Interfaces:** Responsive interfaces for a global shipping platform and enterprise applications.

**AI / ML / VR Enablement:** Practical Python-based AI, Machine Learning, and Virtual Reality training using NumPy, Pandas, C#, and Unity3D.

**AML / Compliance:** Frontend contribution to an Anti-Money Laundering application and later work on compliance-focused in-house development.
